Greetings from the Commodore
Kris Johnson

Here we are in July already. This year has been a strength builder in so many ways. I hope everyone continues to be safe as we push through this trying time. It is great to have the boats back in the water. Dan will tell you our Harbor is going strong, and our membership is growing. This is a great time for us to band together and support our Club that gives so much to us. Our House is trying its best as we start to get back into the slow and distant swing of things. Todd and the bartenders are working their magic for us the best they safely can. Entertainment will be coming again soon. Jay will let you know the dates as they approach us. Our water levels are still a battle as we continue to work on the shoreline as much as Mother Nature lets us. Jason has been doing as much with it at the moment as he can. Please be aware and careful of slippery spots that may occur. Heather will be back this month doing orientation for our new members as well, please welcome them.

Kris

House
Jay Zahn

Greetings from the House. I would like to start out by thanking Todd and Stacy for keeping the Club going internally during the shutdown. From cleaning to keeping food going during the shutdown they really stepped up. Thanks! We are open and we are taking reservations for gatherings going forward. The softer open has worked well and we will continue to getting back to our normal. Please, for the foreseeable future, continue to refrain from going into the kitchen while Todd is working. When Todd is off and you, as a member, needs to get something from the back or are using the kitchen facilities you must sanitize after using. Also wearing gloves will be required. I know it's inconvenient but that is where we are. We will also continue to use the disposable dishes for a while yet. That is in the bar along with the kitchen.

Entertainment will be kicking off later in July. The Luau is July 25th! Rocker will be playing. Food will be provided via food truck. There will be no cover charge for this event but drink prices will be increased a dollar for the night to cover it. Should be a great time and Thank You to John and Dawn Demeny for chairing the event.

One last thing to bring up. When you have a fire in the Club fire pit out by the pavilion, please refrain from stoking it so high that the Fire Department and Police Department get calls. They let us know about the complaints this time, but next time we will be fined. Bottom line is, a fire is fine, but not if it can be seen at Lambeau. Great to be back! They are talking Baseball and Basketball are coming back. So Go Brewers and Bucks!

Jay

Fleet Captain
Dan Emmel

Hi Everyone,

A big welcome back from the Fleet Captain. Who's ready to get the boating season started? Before I name off some reminders and chores, I just want to shout out everyone who came down to help on the docks and grounds, especially during Covid-19. The Club looks a lot better and is finally in ready-form for this summer.

Reminders:

1. All boats on shore, trailers, and sail boat cradles require a summer storage sticker. A sticker costs $75 and to obtain one, contact Dan Emmel at (920) 676-8613.
2. Gas is $3/gallon Premium/No Ethanol
   Note: Pumping gas for club members only applies to board members, bartenders, John & Dawn Demeny, Jim Beauleau, or Bret Boehm.
3. Old batteries and oil that was changed *must be removed from Club property and disposed of properly. Let's take care of our waters!*

Club Chores:

1. Paint new approach ramps for the docks.
   If you want to take this task on, you can contact Dan Emmel, Jim Beauleau, or Randy Zimmerman. They're the masterminds behind that awesome project.
2. Clean out aerators around harbor .
3. Pull carpeting out of the old club house/garage shed on the North Side and dispose of it in the dumpsters.

*All club chores can be turned into hours for those looking for some hours.

Hope to have a great summer with you all,
Fleet Captain--over n' out

Sunshine and Sadness

<u>These condolences were from March**</u>**

Condolences to Lynn Gagnon on the passing of her brother, Tom Krouth. Tom was a long -time member of the Green Bay Yacht Club before his retirement. Our sympathy to Lynn, Bert and the entire family.

Sincere condolence to Julie Beauleau on the passing of her father, Merwin Dashnier. Our sympathy to Julie, Jim and the entire family during this difficult time.

Grassy Island Range Lights

I see you! Yup, the cameras are in and functioning. What you ask? We have cameras installed around the lighthouses recording any and all activity. And there are a couple of lighthouse keepers who have the ability to view what the cameras see on their cell phones. Wow! Talk about coming into the 21st century. The almost 150 year old lights viewable on current technology. We will be able to see those !@#$! Canada geese messing up our new sidewalks and blacktop. More technology coming.

I suspect you have noticed the structure at the North end of the seawall. The object is to prevent the next tsunami from trying to rip the siding off the North lighthouse and wash out the mulch and mess up the grass around the tree. And keep the clutter from coming up onto the driveway. Hopefully we will not have to see if it works as intended.

With any luck we should be able to have our dedication in July. Lots of stuff to get done as we change directions and work on the lighthouses. They really have been neglected for the last 3 years in anticipation of and then completion of the new seawall. The "park" is beautiful and we look forward to sharing it with others.

As we isolate due to this pandemic, let us consider: **Lighthouses are endlessly suggestive signifiers of both human isolation and our ultimate connectedness to each other.**
