Greetings from the Commodore - Larry Labine

Summer is here and most of the boats are in the water and the harbor is nearly full. What a wonderful site. Now if we can get rid of the geese we will have all my goals from last year. The light poles have been removed and the new light should be order soon.

The Blessing of the Fleet and the Launching Party was a fun time and Stephanie Nies and her crew did a great job putting it on again this year. Thanks so much for your hard work!

The Hawaiian Luau is coming up next on July 14th and Pete Weber and Scott and LeAnn Conrad will be the Chair persons for it. That is the clubs biggest event of the year so save that date and don't leave for vacation until the day after. They can use helpers setting up, bar tending outside, cooking, decorating and cleaning up after. So if you would like to help let one of them know. It's a fun way for you and your family to get your hours in.

Great job on the Mother's Day brunch. It was a huge success with serving over 100 people. Thanks to all of our members that brought your families down for Mothers Day. Thank you Randy and Andrea Slye, George Savage, Lloyd Carpenter, John and Dawn Demeny, Pete and Mary Fleck, Greg Bins, Brent Lemerond and our cook Mike for the food and service. I hope I did not miss anyone. I would really like to thank Steve and Debbie Rieck who owns Dads Wine and Spirits on University avenue for donating most of the food for the brunch again this year. It is so great to have Social members that help out and save the club money. Dean Krueger is another social member that donates hundreds of of a year and brings hundreds of dollars in supplies. He keeps our gate working properly, he fixes all of our electrical problems, computers, he programs all of our key card, and he helped us save thousands in utility costs. If you see him buy him a beer! If you have special talents that the club could benefit from or save us money let a board member know. We have lots of work to do inside and outside this club house and we don't want to hire out it unless we have to or if we can afford to. I would also like to thank all of our members that put in way over the 18 hours that we must get in. Some members get several hundred every year and go unnoticed.

Make sure to go out of your way to introduce yourselves to all the new members we have. I remember when I first joined 30 years ago and I would come into the bar and nobody would say a word to me until after about my 5th time stopping in when Lee Van Roy introduced me to everyone and made me feel like part of the club. New members, the more you use the club the more you will get out of it and the more you will feel comfortable. We need to find a way to get our newer members to come to the parties and help them get those hours in before the end of the year.

Fire up those boats and let's burn some gas!!!!

Thanks,

Fleet Captain - Don Smith

There is a strong probability that we will fill all our docks this year. We only have two open docks at the time of this writing. We also have members on the floaters list. To accommodate floaters I will really need dock holders to enter their departure and return dates in the dock holder's book when leaving our harbor for multi day cruises. Actually, I would really appreciate getting a phone call regarding the same information. My cell phone number is 920-366-1123. If you don't reach me, please leave a message including your name, dock number, departure and return dates.

Our fuel tank and underground fuel line have been checked and passed inspection. Please note that only authorized personnel are allowed to pump gas. This August a new code will require the GBYC to have one member who is trained and certified to pump gas. The certification class is 8 hours long. The certified member can then train other club members so they can also pump gas.

Changes to any written rule must be brought up at a general meeting for discussion, then tabled and posted in the following month's newsletter. Changes can then be voted on. Changes that effect the daily operation of the GBYC can be made by the GBYC board of directors at anytime.

House - Randy Slye

From the house. The bar is doing fantastic thanks to all your patronage.

Burger night is still 1dollar. Prices will go up in the future but for now it is going well and bar is coming out just fine.

Friday fish fries are done until next year. We will decide when they will start again but from what i heard everybody enjoyed.

Taco night is still Thursdays and only Thursdays and is going well too. That is also happy hour and prices are still as good as they get.

Thanks for all the help i got from mothers day, we had a good turnout and food was fantastic from what i heard.

THANKS FROM THE HOUSE

Entertainment - Gary Kuschel

Let's see if I can write this article and not forget anyone, or anything this month. First off, Ken Lemerond, awesome job on the Kentucky Derby party. I knew you would do something special, and you didn't disappoint us. Second, Randy Slye and crew, did another great Mother's Day brunch. Third, the grand smoker, Tom VanderHeyden and Rick Kofler outstanding job on the steak and lobster dinner. Is there a restaurant in the future? Fourth, the Blessing of the Fleet. Stephanie Nies, Tremendous effort in running the event.

Remember having these partys helps to keep our dues and fees reasonable. Your help and support of these functions is needed, so please show up. Thanks

Til next month,
Gary

Hello Fellow GBYC'ers! Just wanted to let you know that we have a new cleaning person on board. If you find anything that might be getting missed please let me know. The carpets have been cleaned so please be a little careful with your food and drinks.

There is an emergency alarm/panic button in the freezer in case if you ever can't get the door open. The door latch has been taken apart and redone but you never know. Thus the alarm.

If anyone would like a plaque to put on the picture frames in hallway, please email me at northernsecurity@hotmail.com. We would like to do them in a larger batch to keep the cost down. Send your boat name and the people names you would like included.

The front fencing will be finished as soon as we get the rest of the parts. As you may be able to tell, we are repurposing the fencing from the widows peak.

That's all for now. See ya all on the water!

Thanks
