Spring Start Up Checklist

FUEL SYSTEM

Inspect the fuel system for leaks or damage; pay special attention to fuel hoses, connections and tank surfaces. Evidence of damaged fuel hoses includes softness, brittleness or cracking. Replace components when necessary and verify all fittings and clamps are properly secured. Ensure the engine, exhaust and ventilation systems are all functioning properly.

ELECTRICAL SYSTEM

Inspect all electrical connections for cleanliness and tightness—corrosion is often a sign a connection may not be safe. To prepare electrical connections for the summer, remove the terminals and use a wire brush to clean them, along with all cable ends. Charge your battery and have it tested to ensure it can hold a charge. Electrical systems should be regularly inspected by a qualified technician.

PROPELLERS & HULLS

Inspect propellers for dings, pitting, cracks and distortion. Damaged propellers can cause unwanted vibration and damage to your drive train. Make sure the propeller is secured properly, and replace bearings when needed. When inspecting the hull, look for blisters, distortions and cracks. Be sure to clean the hull, deck, and topsides using an environmentally safe cleaning solution. And, make sure the drain plug is securely in place before every launch.

BELTS, CABLES & HOSES

Belts, cables and hoses are important to check, as they can become brittle and may crack during winter storage. Belts should fit tightly around pulleys to prevent slipping; a worn belt may have a black substance near the pulley and will fit loosely. Cracks or swells on the outer jacket of control cables may be a sign you have to take immediate action.

FLUID LEVELS

Check all fluid levels including engine oil, power steering, power trim reservoirs, and coolant. Be sure to change the engine oil, oil filter, and drive lubricants, if these tasks were not done prior to winterizing your boat.

SAFETY GEAR

Check your life jackets to ensure they are in good condition and that there are enough on board for all potential passengers. It's important to ensure that each individual has the correct size life jacket for their body weight. Be sure all onboard fire extinguishers are the correct class for your vessel, and are fully charged and stowed in the proper place. Take advantage of any safety inspections offered by the US Coast Guard (USCG), USCG Auxiliary or US Power Squadrons.

House Kris Johnson

I would like to start by thanking all who helped out with Dock Days. It will go down in my mind as the best one yet. Dan Emmel and Mike Watkins made a great day of work of it. Good people getting together to make a good place great.

A special thank you to Dawn Demeny, Julie Beauleau, Mary DeKeyser, Dave Lasee, Perry Lasee, and Kayla Rein for helping in the kitchen. We cleaned ceiling tiles, walls and lights. It was a big project but with a lot of help and fun we have completed it. After our hard day of work we were blessed with a great meal. A big Thank you to Angie Watkins, Anne Emmel, Jimmy Collins and Ruth McMonagle. Boating is at a start. We cannot have boating with out Sunday Chicken. Super Todd will be broasting up his recipe of flying cluckers starting Sunday May 18th. Till then we still have Tuesday Burgers, Thursday Italian/Mexican night, and Friday Fish. Just a reminder to anyone booking a party. I must receive a slip filled out with TWO checks. One for rental and one for deposit. You can always look at the calendar near the office door, or call me and ask if date is open before filling out. Otherwise your date is not reserved.

We have many fun boating days ahead of us. Come on down and bring your friends and family. See you there!

Fleet Captain Dan Emmel

The docks are back in place and ready for boating season. I would like to thank everyone that participated on dock day. The crews who worked on the docks and the kitchen crew who cooked and served the meal. We had members that brought down heavy equipment to move things around and people who worked on grounds and building. The Club and grounds look great. How about that anchor! The docks still have some repairs that need to be fixed from ice damage. That work can be done on a Saturday morning. Remember, that all slips must be paid for before your boat goes in the water. Once your boat is in the water please store your jack stands and cribbing within 24 hours.

Once again the Club looks excellent!

Building Jim Beauleau

I just have 2 words , WOW and THANKS ! For how many people showed up & how much got done on what is being called "The BEST DOCK DAYS EVER " ! If you were not here you missed out big time. If you were , Fun , Food , & Drinks were only part of your reward ! It's never too late to get into the fun as there is always more to be done.

Another Great Day in May coming up on the 17th ! Its a Fire & Safety morning with Vorphal . Talk of Barbeque & courtesy checks from the Coasties ! Check the Duck-o-Gram for more up to date information. Lets get out there & burn some fuel & have some fun !

See you in the sun soon !

Sunshine and Sadness (Roger Gilsoul)

Dean Krueger social member of the GBYC died April 15 following a battle with cancer. Dean was liked by everyone and did a lot of electrical work around the club. Sincere sympathy to his wife Sue and their family.

Sincere sympathy to Stephanie Nies and her family on the passing of her mother Marie Terren.

Sincere sympathy to Tom and Linda Nies and their family on the passing of Tom's mother Lucille Nies.

Sincere sympathy to Pat and Joan Lucas and their family on the passing of Pat's father Horace Lucas.

Please remember these people in your prayer's.

I would like to thank the club and everyone for their support and compassion through this difficult time in my life; with the passing of my mother, Marie Terrien on April 3rd, 2014.

Grounds

Mike Watkins

Happy May!

Wow! What a great day, Docks and Grounds day. We really got a lot done. It sure looks better. I have received a lot of compliments, but to be honest it wasn't me. I have to thank those with all the talent and hard work that really got things done. Pete Weber and Kurt Henderson with his son doing all that clean up around the fire pit and garage. A special request was sent out to not dump all that "Unneeded used wood". Jerry Treleven for the really great job on the stone along with his boys for help raking. Kurt Naegeli with Andy Kangas doing the edging, boy that looks good! Gene Fransisco for the stone work out front, with just the right sweep. A special thanks to Buddy Paul for dock work using his equipment, then doubling up and helping on grounds.

I think moving the Anchor was a great idea! Thanks to all who made that possible, especially to Patti Thompson. It looks so much better were it is at. And, to everyone else for their hard work, the great food, with a quick clean up! I hope we haven't wore everyone out, if there is someone out there that just couldn't make this Saturday, I have some painting that still needs to be done .It was just to cold. I also know there are some people out there anxious to plant flowers:)

Thank You, Grounds Mike Watkins P.S. Those chocolate covered rice krispie bars were great!

Entertainment

Scott Conrad

We're ready! Funny how fast you can forget a long , weary winter when prepping your boat for summer! Visions of sun, sand and water give you renewed energy, spurring you to get ready to launch.

So, have your boat ready for the "Blessing of the Fleet" on Saturday May 17th at 4pm. Safety demos will be held during the day and CPR training will be offered. Barb Stencil, assisted by Judy Smits and Mary Fleck will whip up a tasty meal. Donations of appetizers or desserts are welcome and appreciated.

Prior to that celebration, join us for Mother's Day Brunch Sunday May 11th, 9 AM to 1 PM. Randy and Andrea are planning a memorable day, including a full Bloody Mary bar, champagne or mimosas, an omelet station and a new mashed potato bar. Hosts George Savage and Lloyd Carpenter will seat you. Please reserve ahead. If you wish to earn hours by providing light entertainment , contact Randy or Andrea .

The Grand Smoker, featuring Steak and Lobster, will be Wednesday May 28th at GBYC . Sign up early.

Speaking of Smokers, thanks to Rick Paulick for his " almost famous Ribs" in April. He had help and competition from Rick Kofler and Dan Laubenstein who challenged him with their OWN Ribs. Now we have 3 "Almost Famous Chefs"! Thanks to all.

Early June starts with the first annual GBYC Motorcycle Ride. Riders leave at 10 AM Saturday June 7th, returning at 5 PM for Pizza and Beer (unless they get sidetracked)! Sign up at the club or contact Paul Buntin or Tom Nies .

See you at the club
