Greetings from the Commodore
Jim Manlick

Greetings to all and Happy August. I hope everyone is having a good summer and getting in some boating between storms. It certainly has been a wild ride weather wise with the heat, storms, cool and repeat every week. The weatherman said as of the 23rd of July we haven't gone more than 2 days without some rain since May. With the heavy rains come high water levels and lots of floating debris, so please be careful out there. Dock holders should also take a look at their shore power cords to make sure they are not in the water. I had mine run under the ramp and it was submerged, probably not a good thing.

As is the case every month July was a busy month at your club. I know we had several private parties, the summer social and Patti-ritaville. I want to thank everyone that donated, worked, cooked, cleaned or attended Patti-ritaville. It was an awesome event and we had a great crowd. I don't have the space to thank each of you, but please know that your efforts are appreciated by all. I do have to say a special thanks to Heather Heil for making it run like a Swiss watch.

Again this month I would like to welcome several new members. If you see a new face please try to make them feel welcome and help them become part of the GBYC family.

Have a great month and see you at the club.

Jim

Hello GBYC!
First and foremost I have to say we did it again. In true GBYC fashion, Patti-Ritaville was a huge success! The food, donations, band and crowd was awesome! We raised a nice amount of money for an amazing family. Thank you Heather Heil, Bridge Foley and your many helpers for all your hard work and making the event such a success! Heather will have a list of all the contributors in the newsletter. Again thank you to everyone who contributed!
From what I hear the summer socials are a great time but, this month is the last one of the season. It will be on August 16th and they will be having Ribeye's. Smokers will be back in September.
We also will be combining the golf outing and having a fundraiser for Dave Lasee, Details to follow soon.
There really is not much else going on this month so I will cut this short.

Happy Boating!

Grounds
Robb Collins

Hi everyone, I would like to give a big shout out to everyone who has adopted a flower bed. They have been doing a great job. The flower beds look great. We have a new gas dock attendant her name is Madison Schunke. So please help her out while she is learning what her duties are. Some of the duties she has never done before. If anyone has questions or concerns about anything please feel free to call me anytime. See you around the Club.

Robb

Please Note: "Aerators have been placed around the harbor to keep the water moving. ALL members are responsible for keeping these aerators clean and the water moving. There is no aerator committee and it's not the responsibility of the gas attendants. So as you are walking on the docks please take note of how the aerator is operating. Shake it, unplug it, do what you need to in order to keep the branches and seaweed and plastic bags out of it. If you are unable to get it cleaned out, unplug it and contact a board member to have it looked at. These units cost about $500 each and running with debris stuck in them will ruin them. So again, PLEASE just pay attention to them."

MARY KAY

House
Jay Zahn

Hello everyone, I hope your summer is going well. We have started serving a 10 oz. Black Angus burger. Cost will be $6.00. Add a side of Fry's for a $1.00 or curds for $2.00. Tuesday Buck Burgers with a side will continue as normal. Thanks to everyone for understanding the requirement of having a side. Tuesday's have been quite busy. As a reminder I have the calendar with me at all times. If you are planning a party, contact me to see if the date is open. If it is, I will mark it down after the proper paperwork and checks are received in the office. Thanks.
We always welcome our members, friends and family. But if you are planning to have a group down to the club for Buck Burger, Mexican, or Friday Fish Fry, please give us a heads up a few days in advance so we can plan on it. I don't want you to be calling me a Hun Yak because we didn't have enough food available. Finally please remember to tip our bartenders and our Cookie. It is appreciated.

Jay

That time of year again

Watch the Packer Pre-Season Games at the Club

Grassy Island Range Lights, Inc.

It was a sad day for the Grassy Island Range Lights Lighthouse keepers and all those who admire them with the passing of our mentor and leader Admiral David L Nelson. I did not know David before joining the club and became involved in the restoration of the lighthouses. He was an inspiration to this writer and all who had the opportunity to meet and visit with him. Many of his relatives and those who knew him gathered at the Green Bay Yacht Club on July 21 to reminisce and share stories of David, and there were many, some shared amongst those gathered and others privately. David was a lighthouse admirer as has been demonstrated by the entrance to his house, a beautiful stone lighthouse, and the efforts he has made to the preservation of the Grassy Island Range Lights. We, the members and guests are fortunate to have had David as a member of the Club. He has done a lot for the club, most of it without recognition, as that is how David wanted it. As we move forward with the Grassy Island Range Lights, we need to ensure that they remain steadfast at the West end of our harbor. As has been written here in prior messages and discussed at monthly meetings, the lighthouses need your financial support. We have had some members step forward with generous donations. We need more. Any donation made to the Grassy Island Range Lights, Inc, a 501(c)3 non-profit is tax deductible. It is for a good cause and helps to reduce your tax liability. We would like to bring the fund drive to a head so we can get on with the hard work of planning, permits, etc. As the years proceed and we are gone, our families and friends can look with pride at the Grassy Island Range Lights knowing you had a part in their longevity. Please make your pledges and donations now.
Thank you.

August 7th is National Lighthouse Day

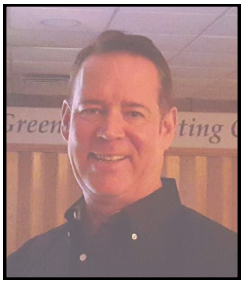
The Green Bay Yachting Club Board of Directors and all of our membership

G.B.Y.C.

Life's Better in Flip Flops

Fleet Captain
Steve Heney



Well, it appears as though summer has finally arrived and the G.B.Y.C. Harbor is just about full. The new memberships are continuing to pour into the club which is also great news! Please say hello and welcome the new members to G.B.Y.C. when you see them. Everything is pretty much 'Status Quo' as far as the fuel sales go. The gas pump was recently evaluated by U.S. Petroleum and has been given a few new parts and upgrades. Our system has been approved by the State of Wisconsin and by Protonic, so we are good to go. When fueling your boat please remember to tip our dock/ fuel attendants....thank you!

In disposing of your waste items from your boat maintenance, please remember to properly dispose of all items such as batteries, oil & lubricants etc. If you have not yet purchased a G.B.Y.C. trailer sticker for any on-site storage...please do so very soon.....the 'Grace Period' has ended, and there seems to be a few around the grounds yet. Well in closing, I hope everyone has an enjoyable time on the water, August is usually a great boating month. Take care everyone!....stay safe!.. and we will see you at the club!

I am out! Steve

Building
Jimmy Thompson

Hello fellow voters and social members. I want to start off by thanking everybody who worked at the benefit for Patti and everybody who attended. It was a beautiful tribute and a great success. And now back to the business at hand. Things seem to be running good at the building. Working on the Bee problem. They're hard to get at, but they'll be dead soon. I should be down there more often now. So any problems, just get a hold of me. Thanks again for everything.

Sunshine and Sadness (Roger Gilsoul)

With sadness we report that “Admiral” David Nelson passed away. The Admiral was perhaps the most senior member of the Club, both in terms of age and membership number. Among his many contributions to the Club, he was instrumental in saving our Grassy Island Range Lights from demolition on the island and getting them moved to Club grounds where he became a driving force in their restoration and preservation.

With sadness, we note the passing of John and Don Demeny’s mother, Mary Demeny. Our sympathy is extended to John and Dawn, Don and Amy and the entire Demeny family during this difficult time.

NEW!
