**Greetings from the Commodore
Jim Manlick**

Greetings to all and Happy October. Looks like the best boating of the whole season was in September. Nothing but sunshine, warm temps and very little wind. I hope you had a chance to enjoy it. I commented to someone that it's too bad we don't have weather like this all the time and I was told if we did everyone would want to be here and we couldn't afford it. My thoughts and prayers go out to the people of Texas and Florida since I'm sure some of you either own property there or know someone who does. Good luck in the rebuilding process. October will unfortunately mean the end of the boating season. So please get your storage app and payment in soon. This also means that the lift crews will be hard at work pulling and storing boats, mine is already out. I know we have had several new full members join this past year and I'd like to invite them to join a lift crew. We need some new crew members and it's a great way to get your hours and meet some new people. Fall brings plenty of activities to our club, including Packer games, the return of smokers, our Halloween party featuring the Geezer Gang and the great Veteran's Day event. Please plan on attending any or all of these events or better still, volunteer to help. I would like to take this opportunity to invite all of you to our annual Commodore's Ball which will be held on November 4th. Tickets for the event which include a delicious meal from Renard's Catering and music to follow. More information will be available in the near future. If you've never been to the commodore's ball or haven't attended in a long time it's worth it to see your fellow members in something other than shorts and t-shirts. Have a great month and see you at the club.

MARY KAY

**House
Jay Zahn**

Hello from the house. At the most recent general meeting I brought up that due to increased food prices especially fish and chicken. We will be adjusting prices upward. The good news is the prices are still the best deal in town. Fish and Chicken plates will go up a dollar. That is the first increase in quite some time. We do have some new items on our menu and I will be adding them to the menu. In the meantime check out the electronic menu for the new items. When a bartender is on duty they are in control of the bar. That means no one is allowed behind the bar without the bartender's permission. If a bartender asks you to help out, fine. But if you think they need help, make sure you ask them before going back there. I know members want to help out but just remember to ask first. While we are on the subject of bartenders, if they refuse a member service because they think they have had enough to drink, remember their word is final. No exceptions! It's probably time to go home anyway. Thanks and hope to see everyone down at the club for Packer games. Go Pack!!!

Grassy Island Range Lights, Inc.

The mushy part of the south side of the north lighthouse has been repaired and will be resingled by early October. There were some very long days getting it opened up, repaired and closed back up before the rains. Whew! Thank you to all who helped. We are nearing the chronological end of the campaign to raise the 3 million dollar goal for the project to stabilize the break wall upon which your lighthouses stand. A couple of GBYC members have stepped up to help us reach our goal. We expected the membership would see the need and chip in. One of the GBYC members will donate \$2 for every dollar donated by GBYC members to a total of \$5000 member donations. Please help make this a reality. We are a long way away from the necessary funds needed to get the total job done. And your donations are tax deductible. Included in this issue of the Dockline is a donation form. Please consider filling it out and put in the lighthouse mailbox. Or talk to Ruthi McMonagle, Merlin Baenen, Dick Heinz, John Kennedy or Wayne Dunbar for details and how you can help. In regard to the break wall condition, the lighthouse keepers would like the GBYC members to take a walk out to the lights to see the erosion of the roadway out to the lights and the break wall itself. Just asking so you don't think that we are shouting "the sky is falling." Thank you!

Well the weather has been fantastic lately and I hope everyone had a chance for a beautiful fall ride to your favorite destination. Please make a note that "DOCK DAY" is October 21st @ 8:00 a.m. I hope we have a strong turnout for Dock Day. The "Shrink Wrapping Crew" will also be at G.B.Y.C. starting on October 14th, please see the posting at the club on the bulletin board near the Lift Log Station. The latest news on the harbor dredging is that Brennan will be dredging the G.B.Y.C. Harbor immediately following Dock Day and be in our Harbor into November if possible, depending on weather.

There may be a need for additional moving of the docks after Dock Day, I would appreciate any and all additional help. Watch for dates and times via the "Duck-O-Gram" and postings at G.B.Y.C. Thank you to John Kennedy for all that you do in keeping G.B.Y.C. updated on the Dredging Project. Very much appreciated John! Lift crews have started, so if you are storing at G.B.Y.C. please sign the lift log as to your desired date and time. Please try and work with the Lift Crews. ***"IMPORTANT": Also please write your cell phone number in the lift log in case the lift crew needs to contact you to adjust your lift time. If you are requesting winter storage at G.B.Y.C. please get your storage application with a check enclosed to G.B.Y.C. this week please. This is essential to properly plan for boat placement on shore. Lastly, please remember to be courteous and respectful to the G.B.Y.C. bartending staff. We are very lucky to have such a great group of bartenders, thank you.

That is all for now, everyone take care and stay safe I'll see you at the club!...I am out!
