MARCH 2019

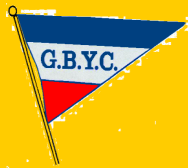

Greetings from the Commodore Kris Johnson

Just think of all the water we will have for boating this year when all of this ice and snow melts. Once the docks are finished for this year that is. I want to thank all the people that show up week after week to help with the D.A.R.N. project. We are closing in on the end of it for this year with a few docks and some reconstructing of the dock on the west end of the harbor. Once again, all dock holding members are required to put in 5 D.A.R.N. hours per year to cover the time for there own dock. The chances to squeeze that time in are getting slimmer. If you are not able to attend and would like to achieve hours towards that contact me and we can work something out. We have a few important events coming up this month. Check out our Entertainment to get caught up on the fun. If you are looking for hours and would like to chair an event. Please let Gary know, Rena would appreciate that. Our club is only going provide the fun that we as a group put into it. It will be nice to once again see our vessels floating, but in the meantime i would like to see your faces. Come on down for a bite or a barley pop and support our club. See you there!

Kris

Go Brewers!!!

Grassy Island Range Lights

Old man winter is doing his best to mess with the efforts at the club, especially the lighthouse project. The current plan was to have the remainder of the sheet pile driven on the south side by Monday, 2/25. With the temperament of Mr. Winter betcha that won't happen. Then they start digging out the stuff between the piles down to the level of the water, install the cross ties, drive the footings for the lights, and hauling in fill. Again, Old Man Winter is going to have his way with that effort I bet. The plans for the Visitor Center have been approved by the lighthouse board, now to the city and our landlord for approval. Cross your fingers for their approval. The design is to approximate the light keepers house scaled down. Should look very nice.

Think warm thoughts!

Fleet Captain Steve Heney

Well spring is almost here, and that means the 2019 Boating Season will be upon us very soon. The Green Bay Yacht Club Dock Applications are due March 1st. Please include your \$250.00 Deposit to ensure your spot along with proof of Insurance. The Tentative date for the Dock Assignment Meeting is March 13th. Please have a Cell phone number on your Dock Application in case we need to contact you the night of the meeting. Also include any requests that you may have and I will attempt to accommodate that request. REMINDER: Please remember to only plug in your boat when you are on site and to unplug upon leaving the property. The Harbor improvement projects are coming along nicely and we should have a great looking G.B.Y.C. Harbor for the 2019 Boating Season with many upgrades and a fresh new look. I will be watching the market to obtain a fresh fuel supply in the coming weeks for the start of the boating season. The pricing should be pretty decent as well. We'll that's all I have for now, so take care everyone and stay safe and we will see you at the club!!!!...I am out!

Building Jimmy Thompson

Another month closer to boating season and here we are up to our eyeballs in snow. But it's always warm inside the club. So come down and have a beer or three. The house is running fine, any problems or comments let me know.

Happy St. Patrick's Day!

Grounds Jason Dorner

Happy March to all!! We are getting closer and closer to getting the boats back into the water. As far as that goes, I've had about enough of Mother Nature and her crazy white stuff. As a reminder to all of our members, if there is anyone looking for hours, when we get a snowstorm throw that shovel in your car, and stop down at the club and check for any shoveling that may need to be done around the entrance doors and possibly around the gate. In the event of freezing rain, throw some salt in the little spreader by the back door of the clubhouse and keep our walkway safe for all of our members. Ice melt is in the shed (through the garage door). Thanks to Paul for taking care of our plowing and salting of the parking areas. Added thanks to all whom grab a shovel and throw salt. Hopefully we are done with this ugly white stuff soon.
