Never Forget

Commodore Jim Beauleau

As we come into September, one date Always comes to my mind. It doesn't paint a very nice picture either. It's a date I'm sure everyone remembers and also would like to forget. 20 years ago is a lifetime to some but seems like yesterday to others. I bring up this date in our history for 2 very important reasons. 1st and foremost is the Twin Towers tragedy where so many Americans lost their lives to that unimaginable terrorist act. Please remember them and all of the Brave Souls that have given everything for our freedom and the men & women that continue to fight to Keep that Freedom.

My 2nd reason is that 20 years ago a group of hardworking future driven boaters decided their small garage club was not befitting such a prominent group such as the Green Bay Yacht club ! This year marks the 20th Anniversary of the Grand Opening of the building we now know as "The Green Bay Yacht Club House". It took tremendous foresight and physical labor to make that happen! To move the old Bay Family Restaurant in pieces and put it together into what we see today is a true labor of love as was moving the light houses here! So when you see an older member here you just might want to give up your seat or open the door for them because without them we would not be enjoying the fruits of Their labors. So lets let them know, we Do appreciate, what they have started and given possession to us to continue taking good care of for future generations to enjoy. Thank You Everyone . Your Commodore Jim Beauleau

Hello to All !!

We are coming to the end of another boating season with a little time left. A huge Thank You to all who have been putting in the fence slats it looks amazing! There's another 180 feet to go (more slats on the top shelf, west end of the garage). I put 4 New gallons of Roundup in the gas dock shed for maintaining the decorative stone behind our boats. (a friendly reminder it is up to the slip holder to maintain the Earth behind your boat A.K.A. pull weeds) on the plus side you can accumulate your coveted yearly hours!

⭐ A huge Shout Out to Jim & Jackie Manlick for all the extra time and effort they put in keeping our grounds looking nice and neat!**** Also to Lou for keeping the grass cut this season.

Grounds Guy Jason Dorner

As fall approaches its time to start getting our Ducks in a row for doing our slab for our Memorial Patio ! Also to do the remaining shore stone on the North End.

Lets finish out the season strong!!! 💪 Hope to see alot of empty slips around the harbor Labor Day Weekend. Meaning that everyone is enjoying the last parts of our summer. To our elder experienced GBYC family members....Lets show our camaraderie and love of boating to our newest family members and invite them on trips and showing them around our beautiful boating community.

See you around the club, and Thank You All for what you do to make the GBYC what it is!!! Jason Dorner

Entertainment Kris Johnson

Summer has come and gone so fast. Where does it go? I want to thank Pat & Sara , and Jamus Unplugged for giving us great friday evenings. They will for sure be back. In the month of September we have many club rentals but don,t let that stop you from coming on down. The Men's Smokers are back on . Dan "Duck" has his great Ribs and Chicken this month on the 15th. Come and honor our Commodore on September 25th at The Commodore's Ball. Dinner at 6pm followed by Fork in the Road band at 8pm. Please make sure to sign up and get your tickets for these events. Kris Johnson

Fleet Captain Dan

Remember that ALL trailers and craddles need storage stickers on them OR I will lock them up. Looks like we will be buying more fuel. I will keep you posted on the new price and date. I think fall dock days will be Oct.16th lift crews will start 4 weeks before. If you want to join a lift crew call Tom Nies at 920-676-3145. Winter storage applications are available at the club and also in this newsletter . Please fill them out and get them in ASAP as Winter storage space is limited. I am sure I have forgotten something but Fleet Captain Out .

HONORING ALL WHO SERVED...AND ARE SERVING

House here' Hello All. Summer is wrapping up , hope all enjoyed it. We have a new bartender and her name is Dawn. Please make her feel welcome here as I believe she will be a Great addition to the club. I am hoping to get some entertainment in the club this fall as the boats come out of the water. With this crazy time we are having it is hard or sometimes impossible to get certain booze, so please be patient. The distributors are having issues also. This also comes into play with the food availability. And last I just want to let everyone know the week of the boat trip was a great time! We had beautiful weather and nice waters to travel on. I want to say thanks to everyone who came, it was Awsome !!

Have Pride In Your Club and Marina !!

Grassy Island Range Lights

There has been a lot of activity at your Grassy Island Range Lights in the last couple of months. Perhaps you noticed the scaffolding on the northeast corner of the north light has been removed as that nasty rot that has a way of sneaking into them from time to time has been repaired and the scaffolding gone.

Did you notice how bright white the lighthouses are? A company going by 360 Painters did a yeoman job of removing as much of the old paint as possible and applied 2 coats of a paint formulated by Sherwin Williams for Cedar Shake Shingles. Job well done. Now we just need to keep the bugs and spiders from messing them up.

Your lighthouses hosted the United States Society tour on June 13th as part of the Door County Lighthouse Festival. And several visitors as part of the GBYC Summer Bash. When we say "your lighthouses" we are referring to people you know as lighthouse keepers, most of whom are GBYC members, who shared the results of their efforts over the years. Going forward there is a plan afoot to start a Docent program. The Docent program is made up of volunteers who will host lighthouse enthusiasts to view and enjoy the lights. As most who will read this are boaters and prefer to spend their free time with their boats, spending that free time as a Docent at the Grassy Island Range Lights does not appeal to you, Understood.

However, as a member of GBYC, owners of The Grassy Island Range Lights {you} yes You can invite your non-boating friends to become Docents. Yes, Really. Spread the word. The Grassy Island Range Lights facebook page includes information regarding the Docent Program and how to get involved. Check it out.

BE SURE TO FILL OUT AND SIGN THE OTHER SIDE OF THIS FORM

GBYC Storage Winter Agreement Contract

This agreement is made between the Green Bay Yachting Club, Inc (hereinafter GBYC) and the member in good standing (hereinafter "Member"). That Member wishes to store his/her boat at the GBYC land storage facility during the 2021/2022 Winter Storage Season which starts 9/1/2021 and ends 6/1/2022. In consideration of said storage, Member agrees as follows:

1. To prepay the winter storage charges as calculated here on this document.
2. To keep the stored boat insured at all times against claims for property damage caused by said boat or damage to said boat.
3. To remove the boat from storage by June, 1st, 2022. If the boat is left stored after June 1st, 2022, an additional Summer Storage Fee will be charged equal to one-fourth (1/4) of the total winter storage fee (excluding lift-out/lift-in) per month until October 1st, 2022, at which time the next Winter Storage season contract will be charged according to the prevailing rate schedule.

If summer storage is requested due to hardship or extenuating circumstances, the Fleet Captain must receive a written letter from the member requesting that he/she be allowed to keep their boat on shore. This letter must include an explanation of why the boat must be kept in storage and what arrangements will be made to do something with the boat in the future. The Fleet Captain will then review your letter (with the board if necessary) and decide if extended storage is to be allowed.

4. That GBYC shall have a lien upon said stored boat in the amount of the unpaid storage charges until the storage charges are paid in full. That member shall pay said unpaid storage charges prior to removal of said stored boat from the GBYC land storage area.
5. That at such time as unpaid storage charges accrue to a total of \$750, GBYC will send written notice to Member and to any secured parties identified by Member of this agreement pursuant to Section 779.43 Wisconsin Statutes informing Member and the lien holder of what steps must be taken to secure release of the stored boat. That in event said storage charges are not brought current within 30 days after the mailing of the written notice referred to in this paragraph, GBYC may enforce its lien as provided for in Section 779.48(2), 409.501, and 409.507 Wisconsin Statutes. All mailings will be to the address of the Member listed on this Agreement and to the address of the secured party listed on this agreement.

2021/2022 WINTER STORAGE FEE CALCULATION

All storage and associated fees are due with the application. You must pay for the following;

Lift Out (Fall 2021) \$2.75 per foot Boat length _____ X \$2.75 = \$_____

Lift in (Spring 2022) \$2.75 per foot Boat length _____ X \$2.75 = \$_____

Pressure Wash Bottom = \$ **5.00**

Boat Length x Boat Width = Sq.Ft. x \$.55 = \$_____

(Round up to the next whole number.)

Subtotal \$_____

+ 5.5% Sales Tax \$_____

Total Paid With This Application (including pressure wash) \$_____
