There be changes in the wind and changes at our club. Members been joining like CRAZY and some members selling boats. Back a few months ago I talked of change & again it's my topic. This year has been a whirlwind of change. I want to thank everyone that's been involved with the resealing of our blacktop, our new pavilion roof, our new POS system, and everyone involved with our special activities

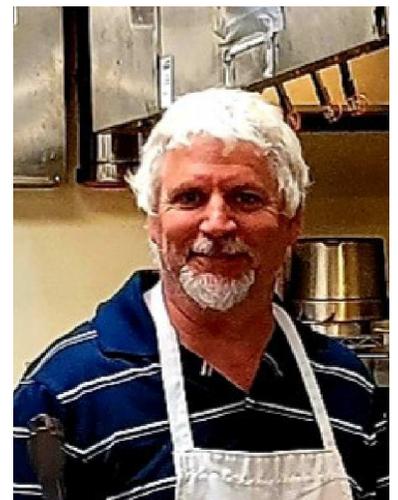

like "The Summer Bash" to karaoke nite, from helping out bartending to making sure cigarette butts are cleaned up. From the Lighthouse Crew to our lawn service. From the Amazing GBYC Family that helped with the Ball last year & again this year! The thoughtful people that pick up the straw on the floor to the people that planted & water our flowers. **My point being WE ARE ALL IN THIS BOAT TOGETHER!!** With that being said our elections are 3 months away. We All are the glue that keeps this club together and we need more members with New ideas & new blood to step up and help keep YOUR club heading into the right direction. Our survival depends on your hard work & your generosity of time & support!! Please consider helping in any & all ways that you can contribute.  Hope to see you at " The Ball"!! Your Commodore Jim

Commodore Jim Bealeau

House here, it's already September so fall is around the corner. Time to get the last rides in and get ready for the pulling of the boats. Todd will have hot food for you and plenty of cocktails. If you would like something new on the menu let Jessica know.

Enjoy the next month. Pat

Pat Bender Head of House

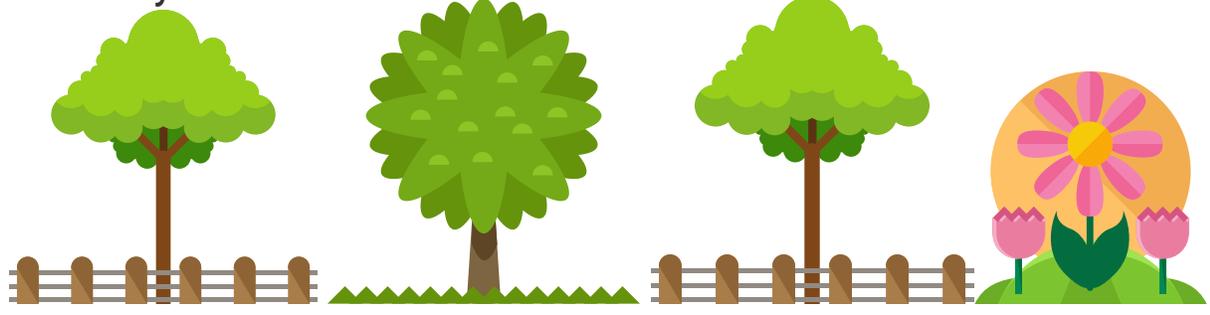

Jason Dornor
Grounds Guy

Hello All,

The boating season is coming to an end. I hope everyone has had a safe and uneventful season. I appreciate all of your patience with navigating through the week of getting the asphalt resealed. My question for everyone at the next meeting is.....do we wanna have parking spots striped ?? I think it would add a very nice touch. But that is a voting thing . The asphalt sealer does not have a herbicide in it. If we see any green starting to grow through our freshly sealed blacktop we need to hit it with the RoundUp !! This is another thing that is all OUR responsibility to maintain. Thank You All for your support in bringing the clubs visual appearance to the next level. I had some drone pictures taken to update some of our club pics online.

Well Folks, it is almost pumpkin spice season. We have a few great things coming this month. Please be safe out on the water this Labor day weekend. Remember our Board meeting is the 12th and the General meeting is the 15th. The 17th come and join our lighthouse crew in honoring the Restoration Dedication and 150 year Birthday Celebration. Show appreciation for our lighthouses and the keepers that put the time and effort to maintain these historic landmarks. We have our first of the season mens smoker on the 21st. Larry and the gang are going to prepare us some great Ribeyes with the fixins. If you are thinking you may like to join or get a team together and host a smoker let me know. Stop on down at the bar and purchase your tickets with food choice to the Commodores Ball on the 24th. The Charmless Few will be playing for us. Hope to see you down there.

What can I say but I **HATE** doing these articles! Anyway we got a new garbage disposal in the kitchen and a new touchless faucets to comply with state health codes. We've also been inspected so we're all up-to-date . Thats all I know about the building & hope you have a Great rest of your boating season. Jimmy

Gary Kuschel
Fleet Captain

With the boating season winding down a couple of reminders.

1. Winter storage apps need to be filled out and turned in. One should be in this newsletter, or they are in the hallway by the other forms.

2. Dock Days, we are planning on Oct. 29 th. It is the only weekend that month with nothing booked. More details to follow as we get closer to the day.

All for now, enjoy the rest of your boating season.

See you at the club. Gary

Five Daily Reminders

1. You can not change your past
2. Others' opinions do not define your reality.
3. Positive thoughts cultivate positive actions.
4. Overthinking a problem will not solve the problem.
5. You cannot make everyone happy.

Big thank you to those who participated in "Light Up The Fox" this past weekend! Shoutout to Rick Paulick at South Bay who gathered his crew over there and showed out with us! Separate thanks to City of GB Bridges for working with me and our awesome Coast Guard Auxiliary for being on watch for us. Based on how great this year was, I'll be seeing you all next year. Can't wait!!

Grassy Island Range Lights IT'S SEPTEMBER, 2022. The Grassy Island Range Lights are 150 years old this year. The celebration of the 150 years as well as the dedication of the David L and Rita E Nelson Memorial Lighthouse Park will be on Saturday, September 17. The plan is to open to the public at 10:00AM, the ceremony will be at 11:00 with a couple of speakers and recognition of the many people who helped the Grassy Island Range Lights to survive and look as they do today. In addition, there will be a Governor Proclamation plaque in recognition of their 150 years. Gates to close at 5:00PM. Based on the publication of the event to the local TV and newspapers, The Brown County Historical Society, Discover Green Bay, Wisconsin Lighthouse District, and Great Lakes Lighthouse Keepers and the United States Lighthouse Society, we expect this to be the LARGEST event to take place at the Green Bay Yacht Club. Not only good for the Grassy Island Range Lights but also the Green Bay Yacht Club. We will have music, food, beverages and an opportunity to tell stories and tour the lights. Spread the word. Invite your friends and family. And by all means,

Come on out !!

**Friends are our
Chosen Family**

Light Up The Fox

Thank You Morgan Emmel
for making this Event come
together !!!!

Also a Big Thankx to Rick
Paulick for bringing SouthBay
together with the GBYC for
this Now Yearly Event !!

Grassy Island Range Lights

The next open house will be for the National Lighthouse Day, Sunday August 7th. The lighthouses will be open to the public from 10:00AM to 5:00PM. As they have in the past, the Green Bay Mike & Key Club will set up two communication stations. This would be a Special Event and notification, via the internet, would be sent to all Amateur Radio Operators as well as members of the Amateur Radio Lighthouse Society. They are encouraged to contact our stations at the Range Lights.

Hopefully you are aware by this time, the Grassy Island Range Lights are 150 years old. The celebration of the 150 years as well as the dedication of the David L and Rita E Nelson Memorial Lighthouse Park will be on Saturday, September 17. The plan is to open to the public at 10:00AM, the ceremony will be at 11:00 with a couple of speakers and recognition of the many people who helped the Grassy Island Range Lights to survive and look as they do today. Gates to close at 5:00PM.

We will have music, food, beverages and an opportunity to tell stories and tour the lights. Spread the word. Invite your friends and family. And by all means, come on out!
