I apologize for the newsletter being late. We are in Florida cleaning up our hurricane hit house. Phone service and internet are sporadic at best. Its heartbreaking to see such devastation firsthand and have skin in the game. We at the Green Bay Yachting Club have a number of members affected, some way worse than others. Jason Dorner's parents, the Baenens, the Sanburgs just to mention a few. We were fortunate that we had water damage & wind damage but no real flooding issues.

We can repair our home, alot cannot. So with all the devastation, Julie & I were blessed with help from some of our club members with cleanup and delicious food and friendship!! Thank You Steve & Kim Woulf for everything ! We realized that joining the GBYC has been such a life changing experience for the Good. Almost everyone in our lives today are a direct result of owning a boat & being members here.Thank You to each & everyone of you for everything from helping with the Commodore's Ball to your calls to check on our welfare & needs with hurricane IAN. We are truly blessed !! 

House, hope everyone enjoyed the summer. Now it's time to pull boats, do maintenance and stop in the club for some hot food. We try to have new specials every week, depending on our suppliers. If you have suggestions for new items please let Jessica or Todd know. If you need hours you are always welcome to help serve and take orders. Some days the bartenders are really busy and even if they don't want help it is appreciated. Thank you for making the club a nice place for everyone.

Hello all !!!

As the season comes to a close, I want to thank everyone that has helped in keeping the grounds clean and organized. I would also like to extend a special thank you to the group that helped Demney's tame the southside. (this is how it should look all season long).

I would also like to extend a friendly reminder that the garage is not to be used for housing things that we do not want to keep at our homes. Dock Day will bring about another purge of garbage and organizing. Please label your items so they don't get pitched!!

As you may have noticed Fall is here, I am not. I am golfing in faraway lands. Never fear the building guy will be near (again). If you have something that needs fixing please tell me or another board member. Jimmy

Just some reminders, dock days is Oct. 29th. Winter storage apps and moneys are due. No boat without both being taken care of. We will be having our darn project this winter, hand rails on all walkways, and throwable hooks mounted on them. Remember lift crews are pulling boats so watch out for the crews and pay attention to where you park your vehicle. Thanks Gary

Few things for you all - There are only 2 special logo shirts left in the apparel cabinet (left side). Apparel is a roller coaster, so we may never have those again. Go grab them!
