Green Bay Yacht Club

Also At

Ahoy Everyone! I hope you are all muddling through these dreary days of spring. Soon enough it will be warmer (I hope). Maybe soon we can have a refreshing beverage on the patio. As always, there are things going on around the club to keep you occupied, check the calendar. Remember we have food on Tuesday, Thursday, Friday and Sunday. Stop down and visit with old friends or make some new ones.

Just a reminder that the boat pictures in the hallway are for your viewing pleasure, not to be messed with and relocated. And another reminder of NO parking in the fire lane.

If you are looking for hours, feel free to contact the board member associated with your interests. They can direct you to ongoing or upcoming projects that need attention.

As always, we are encouraging anyone interested in running for the board in fall to attend some meetings to see how things work. The board meeting is April 10th and the general meeting is April 13th.

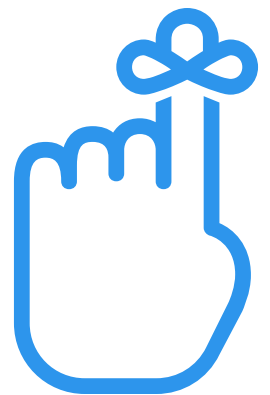

Happy Easter! All you bunnies keep hopping along. See you around the club! Until next month.....

Dawn Demney
Commodore

Commodore Dawn Demney
AKA (Madam Commodore)

This is a reminder to write your hrs down. If you did the work get the credit !!

If you are in need of hrs please ask a board member or an activity director !

<http://www.greenbayyachtclub.com>

check us out

Editor's note : GBYC is looking for a New Editor for the monthly Dockline. Its a Great way to get your hours in and a Good way to keep everyone informed. I will be glad to help you get started so please contact myself or Dawn Demney (AKA Madame Commodore) if interested ! Jim Beaulieu

Jason Dornor
Grounds Guy

Hello fellow boaters/members!

Not much new, just waiting on Mother nature to finally give the cold/snow the boot!!!!

I know I say it every month, so here we go.... We are looking for members to consider getting involved on the board. (November is election time.) Being a board member does not mean YOU do all the work. You try to rally members to get involved in projects and help coordinate projects and ideas to better the club. Also.....we are looking for people to Chair, and create NEW events/traditions, come up with new ideas and ways to generate money for the Cub projects and dock maintenance. We all see how the economy is changing.....it changes at the club too. Let's make the club shine with Pride of ownership!!

Your Grounds Guy, Jason Dorner

Sunshine & Sorrow

Our condolences to Jason Dorner on the passing of his mother Donna Rae Dorner. Sincere condolences to the entire family at this sad time.

Kris Johnson
Entertainment

Our weather has been no joke and neither is our April 1st Interclub party. We appreciate those who did to help in getting a count for food and drink. But if you forgot to get them, it will be ok. We will take care of you at the door. Great music food and fun! Come and be part of the discussion at the general meeting on April 13th. Our Smoker this month on April 19th is Larry's Ribeyes. Get signed up! On the 21st we welcome back Jamus Unplugged 6-9 for some great music while enjoying your fish fry. Looking forward our May has some great things for our club. Our Mother's Day Brunch is back sign up your families. Another great event coming is Judy Smits and Ann Emmel are preparing us for The Blessing of the Fleet on the 20th. Tickets are \$15. Sign ups are posted for these events to help with food and drink amounts. Let us know if you would like to help with any of these events. And show appreciation to those volunteering their time to make them happen.

Jimmy Thomson
Building

Hello fellow boaters! For all you guys that like craft beers we're going to have 4 different tapers on the wall!! Also come down to the inner club party. It's a good time !!

BOATS KEEP OUT
Explanations may be placed outside the crossed diamond shape. Examples: dam, rapids, swim area

House

With things running fairly smoothly in the house, just a few reminders on rules.

1. when we have bartenders on duty, you are not allowed behind the bar without permission.
 2. The bartender has the right to refuse service if they think you have had enough to drink.
 3. abusive language will not be tolerated.
- Be nice, have fun, enjoy the club.
Gary

Fleet Captain
Dan Emmel

Spring Dock Days are tentatively scheduled for April 29th. Spring lift crews will be posted the clubhouse by Jim Wassenberg. Thank you, Jim. We had the dock assignment meeting and we have a full harbor. The floater list is capped at 5. Thank you dock assignment crew for helping. Look for lift crew safety meeting to be posted later. The new dock assignments are posted at the club

Thank you - Fleet Captain out

Highest Ocean Plastic Waste Polluters

(annual estimation in metric ton)

"I asked an elderly man once what it was like to be old and to know the majority of his life was behind him. He told me that he has been the same age his entire life. He said the voice inside of his head had never aged. He has always just been the same boy. His mother's son. He had always wondered when he would grow up and be an old man. He said he watched his body age and his faculties dull but the person he is inside never got tired. Never aged. Never changed.

Our spirits are eternal. Our souls are forever. The next time you encounter an elderly person, look at them and know they are still a child, just as you are still a child and children will always need love, attention and purpose." ❤️

Grassy Island Range Lights

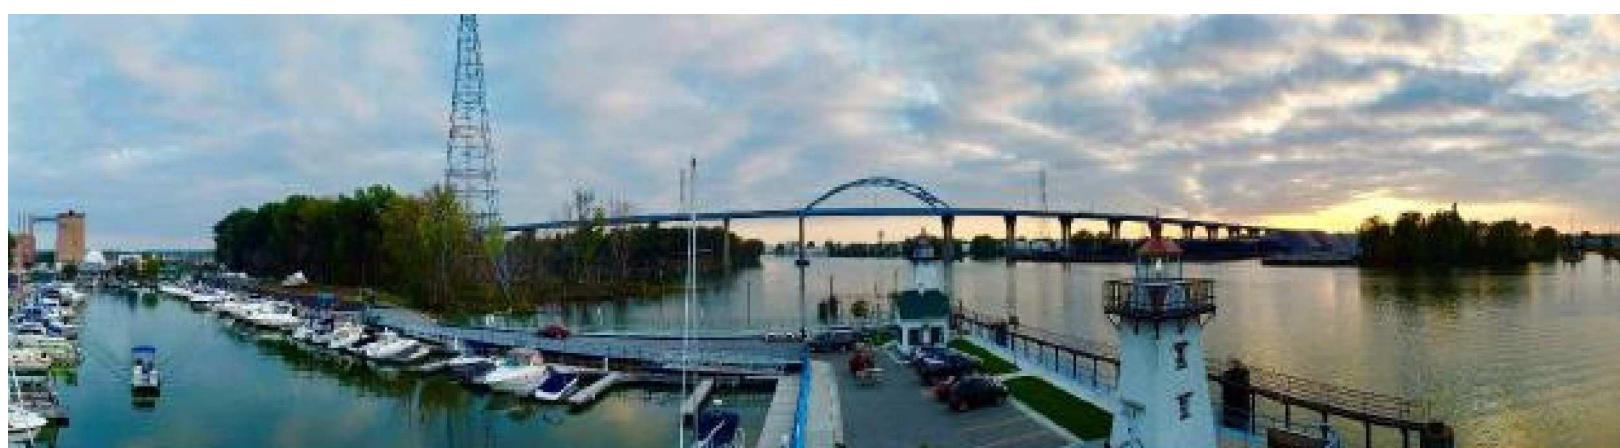

There is a saying “March, in like a lion, out like a lamb”. Well, looks like March 2023 did a flip flop. The lion roared! Let’s hope the April showers bring May flowers and warm weather and the tease for a great boating season.

April also means that it is Tuesday night lighthouse night. Yup, when the lighthouse keepers gather to work on the various projects needed to keep them upright and beautiful. Y’all come on down! Most of the regulars on Tuesday night have been doing so for many years, perhaps even many decades. Time to add some new blood! No, we don’t want your blood, but some energy expelled sweeping, cleaning, washing, driving nails and screws, painting. You get the point.

Last year we celebrated the 150th birthday of the Grassy Island Range Lights. We welcomed many visitors for that celebration. In addition to the birthday and the dedication of the David L and Rita E Nelson Lighthouse Park, there were other events where we were able to show off the results of the efforts of the lighthouse keepers. 2023 will again include many of these events. The Door County Lighthouse Festival (<https://issuu.com/doorcountyliving/docs/2023-annual-lighthouse-tour-issuu>) Summer and Fall being the most prominent of them.

Just an fyi: In the early 19th century, lighthouses weren’t particularly good at steering ships away from land, as the most common lenses used in lighthouses at the time, known as Lewis lamps, were not nearly powerful enough. Enter French inventor Augustin-Jean Fresnel, who in 1821 introduced his eponymous lens. The Fresnel lens used a series of prisms to focus all the light from a lamp in one direction and magnify it into a much more powerful beam. Soon, Fresnel lenses were installed in lighthouses all over the world. Not only did they offer vastly improved functionality, they were also stunningly beautiful. The Fresnel lens was so revolutionary that the technique is still used today in flood lights and professional lighting equipment.

Your Grassy Island Range Lights have replica 6th order Fresnel lenses. Come on out, climb up to the lantern room and view the dedication plates on the base of the lights to learn who donated the funds to purchase the lights and check out the beauty and engineering that went into creating these amazing devices.

AIR FRYER COOKING TIMES CHEAT SHEET

VEGETABLES

Green Beans	5 min	400°	Brussels Sprouts	15 min	380°

Almost time to put the boat in the water!

The people in your life should be a source of reducing stress, not causing more of it.
