COMMODORE

Hello everybody, I hope you're all having a good time boating . I like to thank everybody who came out for Rocker and especially everybody who helped out it was a great time and we all had a lot of fun. And remember, we're trying to have a kinder friendly yacht Club. So please respect employees and fellow members and treat them like you want to be treated. And if you see any problems anywhere, please report it to one of the board members. I have also had a couple of calls from our security company. Please do not try to get into the club before six in the morning or after 2:00 AM. Because it cost us money if the police are sent. Have a fun and safe boating summer.

Jimmy Thompson | COMMODORE

FLEET CAPTAIN

Just a few reminders:
Respect your neighbors parking spot. Have your guest park away from the harbor.

Remember to remove drained oil and old batteries from club property and dispose of properly.

Any new members interested on being trained for the gas dock for refilling contact the Fleet Captain.

If you are storing a trailer for the summer on club property you will have to purchase a trailer storage sticker, see any board member.
Have a safe boating season. Fleet Captain out.

HOUSE

Hi everyone! May was a fun month for sure, thanks to everyone who came out to the events and to all the volunteers that helped make them happen. The summer bash is coming up July 22 we will be needing people to help setup, cleanup and everything in between. June also starts the first of 3 summer socials, they are like the mens smoker but everyone is invited. The menu hasn't been decided and it is open to ideas someone to run it. If interested contact me for details.

We are continually working on bar and kitchen improvements, like always, I am open to new ideas. I will be printing new menus soon and maybe some subtle changes! The first project though is the chicken broaster that is showing its age. We have a service guy lined up to give an estimate and will communicate the results and look for a solution when we know more. A new broaster is a big expense we need to make sure we can recover that investment. The 50/50 for the new tv is still going get your name in there \$1000 for boat gas would be great this time of year. The last thing I want to say again is remember to respect your bartenders and kitchen staff as well as each other. Thank you to everyone supporting our club your being here makes this the greatest place to be. Now go have fun and stay safe!

ENTERTAINMENT

With boating season on it's way we just have a couple of events happening in June. Blessing of the Fleet will be on June 1st with the ceremony starting at 4pm with music by Dani Maus from 5:30-8:30. If you would like to help, Ann Emmel has a sign up sheet on the bulletin board.

The Bash will be held on the 22nd starting at 6pm. Band Camp will be performing and there will be a food truck on site. There will be a sign up sheet for volunteers will be posted soon. We need all the help we can get and it goes towards your hours needed.

Well that is about all for now.

BUILDING

Hi from Mr. Fix It. A few updates on some of the repairs that have been done.

We have had the roof replaced on the old club house which is the storage garage now.

We are looking to repaint the north wall inside the club house to accent the new paint in the bar area.

Maintenance completed on the fryer hoods in the kitchen for Todd AC system was repaired over the Bar.

If anybody sees anything on the buildings that need attention ,feel free to contact me. Thanks and have a great summer and safe boating season.

Mr. fix it.

GROUNDS

I would like to start out by saying thank you for all the help with grounds! It's so great to see new and old members alike offering their time to pitch in!

We were having some issues with dumpster service, fingers crossed it should be good now. (thank you to Jamie for helping a new grounds board member with this) The stumps around the harbor will be getting ground in the next few weeks, we are on their schedule. After that is complete the stone pile on the north west side will be used to fill in so that will be gone as well.

If anyone has a grounds project they would like to see done please don't hesitate to reach out.

GRASSY ISLAND RANGE LIGHTS

The calendar would indicate we should be experiencing summer. As I write this the forecast is for the high 70's. In reality, it has been more early spring than summer. The down lights are extinguished for the season. Why, you ask? Because they attract lots of bugs who leave their calling cards. We'd rather they went somewhere else to do that. Tuesday June 4th a company has been hired to "soft wash" the bugs from last year. Just in time for our Open House. Your lighthouses will host house enthusiasts on June 7,8 &9 as part of the Door County Lighthouse Festival. And several visitors will be welcome as part of the GBYC Summer Bash. When we say "your lighthouses" we are referring to people you know as lighthouse keepers, most of whom are GBYC members, who have shared the results of their efforts over the years.

Volunteers! You hear the work "volunteer" often as many groups are looking for volunteers for their various projects. What a special way YOU can volunteer your talents on Tuesday nights at your Grassy Island Range Lights. And there's rewards. Gotta ask.

Where do old lighthouses go to retire? How about the Green Bay Yachting Club? We are privileged to be the retirement home for these stalwart fixtures. And no Medicare. Contributions accepted.
